LINER ARABIC SUNK BY U-BOAT

Hit by German Torpedoe Today 60
Miles West of Spot Where Lusitania Went Down May 7.

ARABIC SINKS IN 11 MINUTES

Indefinite About Condition of Passengers, But Latest Reports Are
400 of 436 Are Safe.

(By United Press.)

London, August 19.—The White Star liner Arabic, carrying 435 passengers and crew and bound for New York, was torpedoed and sunk off the southwest coast of Ireland, near Fastnet this morning.

The Arabic was torpedoed at 9:15 a. m. and sank in eleven minutes. Eleven boats were quickly launched and were later picked up by a salvage steamer and brought to Queenstown.

The first dispatches from Queenstown carried contradictory reports. It was impossible to determine how many, if any, lives were lost. It was believed here, however, that the majority at least were saved.

The first dispatch said all the passengers and crew had been saved. The same report was received here immediately after the Lusitania was sunk. Immediately afterward a Liverpool report was in circulation there that "some lives had been lost."

Unconfirmed reports said practically all the 435 persons aboard the Arabic were taken off by another steamer.

The Arabic sailed from Liverpool yesterday afternoon. She was following the usual path for trans-Atlantic liners and was about 50 or 60 miles west of the spot where the Lusitania was torpedoed on May 7, when she was attacked by a German submarine.

WASHINGTON CONCERNED

Wants to Know if There Were Any
Americans Aboard.

(By United Press.)

Washington, Aug. 19.—The state department this afternoon took immediate steps to ascertain whether any American citizen was aboard the liner Arabic when she was torpedoed and whether the liner was given warning. These were the two final issues made by President Wilson in his last note to the German government.

Government officials were much concerned at news of the torpedoing.

They were deeply anxious to know if there were any Americans on board and whether any of them perished.

If there were Americans and the ship was torpedoed without warning, it was owned that the situation might be serious, even if no one was killed.

The government had not received an official announcement.

GREAT MAJORITY SAVED

White Star Line Offices Say 15 Boat
Loads Are Rescued.

(By United Press.)

New York, August 19.—New York offices of the White Star line gave out the following statements at 2:25 this afternoon on the sinking of the

FORCED TO PAY FEDERAL FEE

"Blind Tigers" Running Under Guise
of Camps Along Flatrock Caught
by Federal Agent.

SPRINGS A COUP ON THEM

Several in This and Decatur Counties Compelled to Pay \$25 For a
Revenue Stamp.

The internal revenue officers have made good their threat that they would raid illegal liquor camps in obscure places and make them pay the government license fee of twenty-five dollars, according to word reaching here from Greensburg.

The revenue collectors in Indianapolis gave out warnings that they would get illegal liquor salesmen in their district who did not comply with the federal law. The warnings were published in the state and local newspapers. The federal collectors had no desire to punish law violators, but wanted to collect the twenty-five dollars for the government.

Now come the news from Greensburg that a revenue collector this week raided several camps along Flatrock in this and Decatur counties and caused them to "fork over" their government license. The Greensburg Times says:

"Tigers" along Flatrock, between St. Omer and Rushville, were raided this week by Captain Rief of the internal revenue service, and the keepers were forced to pay the government fee.

The officer is said to have found several "camps" where liquor was sold in defiance of the internal revenue laws. These camps are believed to have been established solely for the purpose of evading the laws and were located in out of the way places along the river. According to reports which have reached this city one camp was run by a woman.

Camps established for the sale of liquor usually are protected by watches who are placed at the various points of ingress. This sentry system makes it hard for officers of the law to approach the camps without having their movements disclosed by means of the outposts.

Captain Rief employed a different method. He engaged an automobile and went up the river from St. Paul keeping close to the bank and avoiding the much-traveled highways. In this manner he was able to evade the watchers and steal in upon the camps and surprise the liquor sellers.

The revenue officer had great difficulty in reaching some of the camps owing to the high waters. In many places the river was out of banks and Captain Rief was obliged to wade his way around the temporary bayous. The camps in some cases were located in sequestered spots almost inaccessible from any direction.

MOVIES SUPPLANT SERMONS.

New Lenox, Ill., Aug. 19.—Methodist Ministers of the Joilet district meeting here today had for one topic of discussion the use of moving pictures as a regular part of the church program. Rev. James O'May, of Aurora, who has successfully used movies as a substitute for sermons at times, explained the plan's merits.

The water bill at the court house, amounting to \$135 was for three months instead of one month as stated yesterday. This is about \$30 more than it should have been, according to Custodian Dickman, as it was some time before he could locate the leak.

PROPOSED TAX RATE DISCUSSED

Former City Treasurer Suggests
Levy be Reduced to 90 Cents
if Owners Pay For Oiling.

NEW PHASE OF SITUATION

Advances Idea That Oiling Can be
Paid From General Fund With
Levy Remaining Same.

If the city is to pay for the street oiling out of the general fund next year let the tax levy for 1916 remain at \$1.15 on each \$100 of taxable, but if the property owners are to pay for oiling as in the past reduce the levy to \$.90. This is the argument advanced by M. V. Spivey, former city treasurer. As the city council is preparing to make the estimate budget and place the tax levy for 1916 the discussion of the subject by Mr. Spivey is quite timely and the subject is one that should receive consideration from all taxpayers.

Mr. Spivey has estimated the expenses of the city for next year and also the estimated receipts. According to his figures, at a ninety-cent tax levy the city would have a balance of \$3,050 at the end of the year. Mr. Spivey has submitted the following argument for consideration:

City Tax Levy.

Estimate Budget for the year 1916.

Based on a 90 cent levy on \$100 of taxable property, why should it be more?

I notice in an issue of The Daily Republican that our councilmen were figuring on a \$1.15 levy for the year 1916 and after making some figures and estimates given below we tax-payers should know why. The City will on January 1, 1916 have a bond indebtedness of \$39,000 payable \$4000 per year until paid. We have a valuation for taxes of \$3,200,000. We have estimated property belonging to the

TO MAKE PARCELS POST DISPLAY HERE

Postoffice Will Have Exhibit at
County Fair Next Week and Representative to Explain System.

SUGGESTED BY DEPARTMENT

The Rushville postoffice will have a parcels post display at the Rush county fair next week, it was announced today. The display is made on suggestion of the department at Washington and is done to educate the people and teach them the value of the parcels post department.

The display will be made without any expense to the postoffice whatever. The space will be given free by the fair association and merchants and others are requested to loan parcels to the postoffice for display. The parcels will contain the business cards of the owners for advertisement purposes. There will be someone from the postoffice at the display all the time ready to explain the value of the parcels post. It was suggested today that many persons who know nothing of the innovation might learn how they could utilize the parcels post in their business. The display has been made at other county fairs.

SAYS THERE WAS NO "FRAME-UP"

A. E. Ward, Columbus Contractor,
Formerly of This City, Plans
For Building.

IS ALSO ONE OF BIDDERS

State Board of Accounts Causes
Awards to be Held up Because
of Alleged Irregularities.

A. E. Ward, contractor and builder of Columbus, who lived here until a few years ago, has denied that there was a "frame-up" in connection with the awarding of a contract for an addition to the school building at Taylorville, Bartholomew county.

Due to a recent order of the state board of accounts requiring township trustees to send plans and specifications of proposed new buildings for approval before contracts are awarded, the board has held up bids on the addition to the Taylorville building.

According to Indianapolis Star, William Madden, an official of the accounts board, who caused the opening of the bids to be held up, says that A. E. Ward of Columbus, the architect, told him that he (Ward) not only drew the plans for the addition to the new building in which he gave the architect the right to reject any or all bids or accept any bid, but that he (Ward) also was one of the bidders.

Madden asserts also that the specifications for plumbing in the new building were so worded that the successful bidder would be required to use a certain specific brand of material in installing certain equipment.

It is probable the work will be

COMMITTEE COMES HERE TO GET IDEAS

Shelbyville Chautauqua Boosters
Visit Coliseum And Inquire
Into Local Plan

MAY CO-OPERATE ON TALENT

A committee from the Shelbyville chautauqua was here Wednesday afternoon discussing the independent chautauqua and looking over the local field. The Shelbyville chautauqua has just been reorganized and has been incorporated. It is their plan to follow the Rushville and Columbus chautauquas by operating independently. The Shelbyville people expect to build a coliseum at the fair grounds there. While here yesterday the committee visited the coliseum at the park and asked for suggestions from local people.

It is more than likely that Rushville and Shelbyville will co-operate in securing some of their talent for next year. Shelbyville, Rushville and Columbus will hold their chautauqua the same week next year and by co-operating these three cities may be able to secure some attractions that would not otherwise come to this section for one engagement. The date for the chautauqua next year has been set for August 6 to 13.

The committee from Shelbyville was composed of Mrs. H. C. Sexton, Mrs. H. C. Morrison and John Day DePrez, F. J. Rembush and J. W. Holton.

LOCAL COMPANY MAY WIN \$250

Members of Ivy Co. No. 35, Returning From French Lick, Say
Rushville Will be in on Awards.

J. E. WATSON CONFERS DEGREE

Some Portly Members Reflect How
Near They Came to Being Soldier Boy—Plan of Gen. Young.

Members of Ivy company No. 35, U. R. K. of P., returning from the biennial encampment now on at French Lick, report that Ivy company has a good chance to carry off a prize of \$250. Fifteen hundred dollars in prizes are to be awarded on the best attendance and inspection.

One of the features of yesterday's program was the meeting of Kalmaura temple, No. 134, dramatic order Knights of Khorassan. The degrees were to be conferred by James E. Watson of this city and Tom Taggart and the work was to be given by Danville, Ill. team.

Some of the portly and rather aged members of Ivy company were contemplating with some relief today how narrowly they missed becoming a soldier boy. Brigadier General Young, commanding the Uniform Rank of the United States and Canada, arrived in French Lick Wednesday and announced that the lodge was attempting to obtain the co-operation of the United States war department in establishing military schools in cities where the membership of the Uniform Rank is more than five hundred.

Of course, the membership of Ivy lodge is far from five hundred, but at the same time many members reflected today that it was getting dangerously close to being a soldier to have a proposition such as the one Brigadier General Young proposed. They figured that there was always a chance of all companies being included. The membership of the Uniform Rank totals 750,000, which is larger than the United States standing army.

Dispatches from French Lick today said the encampment review was held Wednesday afternoon. Following the parade, Ivy company No. 35 of this city had guard mount drills, assisted by the Indiana Brigade band.

There are nine companies competing for the cash prizes. Every morning the judge, Major Naftzger of the Indiana National Guards, and Major Smaim of the Illinois National Guards, inspect and count the companies. The awards will be given out Friday noon.

BAPTIST MEETING OPENS

Several From Here go to Shelbyville Today For Session.

The meeting of the Flatrock Baptist association, which convened today and will hold over tomorrow, at Shelbyville was attended today by several from here. The association comprises 28 churches. Those from this city attending were Rev. and Mrs. S. G. Huntington, Mrs. Ed Short, Mrs. J. C. Clore, Mrs. Henry Alsop, Mrs. A. W. Reynolds, Mrs. Nancy Norris, Mr. and Mrs. J. W. Gartin, Mr. and Mrs. J. W. Alsop and Frank Meyers.

The twelfth annual reunion of the Hunt family will be held Friday at the city park.

PUT HURRICANE'S HARVEST AT 131

Known Dead in Storm That Swept
Gulf Region is Placed at That
Total This Afternoon.

WAR DEPARTMENT TO HELP

Will Send Supplies to Sufferers—
Twenty Reported Dead in Fall
of Causeway Hotel.

(By United Press.)

Dallas, Texas, August 19.—The death toll of the three-day hurricane that swept the gulf country from Louisiana nearly to the Rio Grande will reach far above a hundred. The known dead early this afternoon totaled 131.

TO ASSIST RED CROSS.

Washington, August 19.—The war department today arranged to send food, bedding and tents to storm sufferers at and around Galveston. The supplies will go from forts Sill and Leavenworth. Army officers will co-operate with the Red Cross.

DEAD PUT AT 100.

Houston, Texas, August 19.—The Shreveport baseball team, with 300 other refugees, refugees here from Galveston today. Joe Kneaves, manager, said that between fifty and one hundred lives were lost there. D. L. Carroll estimated the number of dead at much less.

The water at one time was 6 feet deep in Galveston. Nine big oil tanks burst, spreading oil over the city. A dance was held at the hotel Galvez when the storm was fiercest Monday night. Candles were used after the power house went out of commission.

HOTEL COLLAPSED.

New Orleans, August 19.—Twenty persons were drowned at Virginia Point in the collapse of Causeway hotel with sixty guests, according to reports reaching her today. The life saving station at Surfside, Texas, is reported to have been demolished.

190 MAROONED ON ISLAND.

Abbeyville, La., August 19.—One hundred and ninety persons, including many women and children have been marooned on Marsh Island, thirty miles from here, for seventy-two hours. All efforts at rescue or to convey food to them so far have failed. A fleet of rescue boats sent under the personal orders of Governor Hall was driven back. Another attempt was made this morning.

BODY REACHES NEW YORK

Corpse of Leo M. Frank to be Taken
to Parents' Home.

(By United Press.)

New York, August 19.—The mutilated body of Leo M. Frank was taken early today to the back room of a Brooklyn undertaking establishment where it was made as presentable as possible before being taken to the home where the father and mother waited.

No police guard was necessary when the train bringing the corpse reached the Pennsylvania station at 6:25.

Rick Wilson, who has been ill at his home in North Main street, remained about the same today, showing a slight improvement.

JACKSON HIGHWAY NEW ROAD BOOSTED

Would Connect North With the

South Just as Lincoln Highway

Joins East and West.

CONSTRUCTION STARTS SOON

Miami, Fla., Aug. 19.—The Jackson Highway, which will link the North and South as the Lincoln Highway, which will connect the East and West, is gaining much support in the Southern States. The proposed road will run from Chicago to Miami, and as at present planned, will traverse Alabama, Kentucky, Illinois and Florida, though Ohio and Georgia and Indiana are anxious to have it pass through their territory.

Under the auspices of the Dixie Highway Association, which is backing several moves for better roadway in Dixie, the Jackson scheme is fast being whipped into shape. Committees have been formed in all the interested states and it is probable the active work of construction will begin some time this fall. There are already over a hundred county commissioners in the different states.

MORE COMMITTEES ARE APPOINTED

Indiana Historical Commission

Names Chairman of Higher

Institutions Committee

CHILDREN TO HAVE BIG PART

(By United Press.)

Indianapolis, Ind., Aug. 19.—The Indiana Historical Commission through Miss Charity Dye, chairman of the committee on education, today made public some of the most important appointments yet made. She named the following chairman to co-operate with the commission.

Higher institutions of learning, William Lowe Bryan, president of Indiana University; City superintendents, J. T. Giles, Superintendent of Richmond schools; High Schools, Ernest P. Wiles, Evansville; Graded Schools of the Cities and the larger towns, Miss Jean Barnard, department of Public Instruction, State House, Indianapolis; Rural schools, Lee Driver, superintendent of Randolph County, Winchester; Educational institutions, charitable and corrective nature, A. C. Butler, state house, Indianapolis; Charles A. Greathouse, Superintendent Department of Public Instruction, ex-officio member of all educational committees.

The various chairmen will form committees throughout the state, stimulating an interest in educational matters pertaining to the state's history. They will pay particular interest to the school children, aiding in the preparation of celebrations, but particularly calling attention to the Indiana pageant to be given in the fall of 1916 following the local celebrations.

PROVED SUCCESSFUL YEAR

Y. M. C. A. of State Made Repaid

Gain in Membership

(By United Press.)

Indianapolis, Aug. 19.—That the year drawing to a close has been the most successful in the history of Y. M. C. A. work in Indiana was the statement today of Assistant State Secretary A. W. Hanson. Statistics made public today at the state headquarters here showed that the 48 associations in the state have 6,000 men and boys enrolled in bible study classes.

Secretary Hanson said that this increase, amounting to 25 per cent is very encouraging in view of the difficult industrial conditions.

TOMORROW—"LOVE, SNOW AND ICE"—3 Reel Comedy

TONIGHT

Personal Points

—Mrs. John Hiner spent the day at Winona.

—Miss Effa Lee Frazier spent the day in Connersville.

—Morris Winship was a visitor in Indianapolis today.

—H. G. Hackman was a visitor in Indianapolis today.

—Frank Wilson transacted business in Franklin today.

—John Wallace transacted business in Wilkinson today.

—Mr. and Mrs. Ben Sparks were visitors in Winona today.

—Jas. Moore attended the fair at Connersville last evening.

—Clifford McGinnis is taking a short vacation at Winona.

—Gibson Ross was a visitor at Connersville last evening.

—Mrs. Molly Conner has gone for a short visit in Lapel, Ind.

—Sam Finney transacted business in Indianapolis today.

—Miss Agnes Winston was a visitor in Indianapolis today.

—Miss Sallie Ferree has gone for a ten days' visit at Winona.

—Mrs. Anna Nolan has gone for a visit with friends in Oldenburg.

—Mrs. Maud Reed Wolcott was a visitor in Indianapolis today.

—John Conaway attended the Connersville fair last evening.

—Karl Higgs is visiting in Connersville and attending the fair.

—H. E. Sharp of Richmond transacted business in this city today.

—Forrest Jones is the guest of friends in Wabash for a few days.

—Mrs. Joseph Mills of this city has gone for a visit at Edon, Ind.

—Mrs. M. A. Maxey of this city was a visitor in Connersville today.

—Frank C. Clark of Chicago was a business visitor in this city today.

—Dr. W. T. Lampton of Milroy was a visitor in Indianapolis today.

—Walter Aldridge of this city has gone for a stay at Huntington, Ind.

—The Rev. and Mrs. A. W. Jamieson are spending the week at Winona.

—Herman Tompkins and son John K. were among the visitors in Winona today.

—E. J. Stoops attended the Fayette county fair at Connersville last night.

—Harold McClannahan has gone to Deputy, Indiana, for a visit with friends.

—Mr. and Mrs. Oscar Armstrong attended the fair at Connersville yesterday.

—Mrs. Margaret Champion has returned from a short visit at Greenfield.

—The Rev. V. W. Tevis has returned from a short stay at Connersville.

—Mr. and Mrs. Jess Booth left this morning for a short visit at Chicago.

—Miss Dolly Tucker of Westport is visiting friends in this city for a few days.

—Miss Carrie Laverne Conaway will attend the fair at Connersville this evening.

—The Misses Nellie Drake and Leona Thomas were visitors in Winona today.

—Raymond Vredenburg and Irvin Greeley were passengers to Winona this morning.

—Mrs. John Scanlon of Indianapolis was the guest of friends in this city last evening.

—Herbert C. Flint went to Richmond Wednesday evening to visit for a few days.

—Mr. and Mrs. Clifford Stevens and son Fred attended the fair at Connersville today.

—Harry Schmazell, Dwight Vansodol, and Harold Bever visited in Connersville today.

—Mr. and Mrs. Lewis Newhouse of Occident attended the fair at Connersville today.

—Mr. and Mrs. John Murphy of near New Salem were visitors in Connersville today.

—Mr. and Mrs. Samuel Tucker of Glenwood have gone for a short stay at Oxford, Ohio.

—Gene Laithe and Fred Sharp of Newcastle will spend this evening with friends in this city.

—Mr. and Mrs. Thomas Maley of Chicago are the guests of friends in this city for a few days.

—Miss Helen Carrol has returned from a visit in Plymouth, Ind., with Mr. and Mrs. Will Carrol.

—Mrs. John Scanlon of Indianapolis is visiting friends and relatives here for a few days.

—Mr. and Mrs. Harry Shelhorn and Miss Dolly Whitlow of Milroy spent the day at Connersville.

—Miss Isabelle Wilson returned this morning to her home in Kokomo after a short visit in this city.

—Mrs. Orphie Lockridge and daughter Ethel of Carthage attended the fair at Connersville today.

—Miss Marie Mack is spending the week in Connersville, the guest of the Misses Maude and Lucy Neff.

—Miss Gladys Clifford has returned to her home in Greenfield after a visit with Miss Grace Billings.

—Miss Esther Geraghty has returned home from Indianapolis, where she has been attending school.

—Mrs. James O'Neal and granddaughter Miss Francis of this county attended the fair at Connersville today.

—William Dugan and daughters, Miss Marie and Mrs. Lydia Schuck attended the Connersville fair yesterday.

—Mrs. Mary Fifer and Mrs. Albert Tipton of Knightstown spent the day in Connersville and attended the fair.

—Miss Katherine and Austin Clifford returned to Indianapolis yesterday after a visit with Miss Grace Billings.

—Mr. and Mrs. Julius Hanaring of near Flatrock have gone for a short visit with friends and relatives in Oxford, Ohio.

—Mr. and Mrs. J. W. Alsop and son Fred have gone to Shelbyville, where they will attend the Flatrock Baptist Association meeting.

—Mr. and Mrs. John Stiers, son Howard and daughter Fannie, and Harold Wolcott motored to Connersville today and attended the fair.

PRINCESS
Monday — Matinee and Nite
Theda Bara in
"A FOOL THERE WAS"

—Mrs. George Rigsby of Brookville was the guest of Mrs. Maria Smullen in Raleigh today.

—Mr. and Mrs. Frank Cupp and Miss Ruth Moore of near New Salem were visitors in Connersville today.

—The Misses Ethel Oakley and Anna Gessler, and Frank Shaefer and Albert Sweet will motor to Connersville tonight and attend the fair.

—Mr. and Mrs. Chauncey Duncan, Mrs. Frank Wilson, Mrs. Phil Wilk and daughters Erema and Edith motored to Indianapolis today in Duncan's car.

—Mr. and Mrs. Douglas Davis, of Columbus, Ind., who have been visiting her sister, Mrs. William Dugan, went to Connersville today for a visit before returning home.

—Mrs. Maisy Simpson of Indianapolis has been the guest of Mrs. Mary Brown for the last few days. Mrs. Brown and Mrs. Simpson have gone for a few days visit in Milroy.

—Mr. and Mrs. Charles Riegers and son Charles William of Indianapolis are here for a ten days' visit with Mrs. Riegers' parents, Mr. and Mrs. William Hardin, of West Third street.

—Mrs. M. R. McDaniel and daughter Catherine returned this morning to their home in Chicago after a visit with friends and relatives in this city. Miss Lora Spurrer accompanied them home.

—Mrs. Arthur Reynolds of Glenwood, Mrs. Nolley Newkirk, Mrs. Will Havens, Mrs. Will Trennepoll, Mrs. John Singer, Mrs. Margaret Lock and Miss Florence Smiley attended the fair at Connersville today.

Amusements

The Gem will show a three reel feature "A Daughter of the Nile" for the program tonight. Mary Fuller and Matt Moore are featured and it is said to be a fine drama telling a beautiful story. Tomorrow night the second episode of the thrilling story "Under the Crescent" will be shown. Princess Hassan tells her actual experiences in this series and the one tomorrow night is entitled "The Cage of the Golden Bars."

The Princess will show four reels tonight. The first is a two reel Charles Chaplin comedy "His New Job." The second is a railroad drama "The Human Chain." Helen Holmes is featured and it is said to be a thrilling picture. The last is a comedy "Nearly a Prize Fighter." Billy Reeves is featured and it is said to be a great comedy. Tomorrow night the three reel feature "Love, Snow and Ice" will be shown.

FISH IN BROADWAY.

Little Falls, Minn., Aug. 19:—As a mute protest against what they considered inadequate drainage of East Broadway, business men declared a "day off" and "went fish-in" in front of their places of business. When the city council failed to take any action to rid the streets of its surplus water the business men got several small fishes, threw them into the pools along the street and then baited up their lines, and grimly waited for bites. The council met in special session, and decided upon drainage for that street.

ITALIAN EXODUS SMALL

Washington, Aug. 19.—The number of Italians leaving the national capital to join their colors is not near so great as it was during the Turko-Italian war. The outpouring at that time nearly demolished the Italian district of the city. The reason ascribed is that comparatively few Italian immigrants have come here in the last few years.

GIRLS WILL LOSE FLOATING HOME

Old Ship Jacob A Stamler Due to be Abandoned And Fifty Will be Left Homeless

BELONGS TO ARBUCKLES

(By United Press.) New York, Aug. 19.—The old ship Jacob A. Stamler was due to be abandoned today by the fifty working girls who have made it their home for some years. The vessel, moored in the East River near the foot of 23rd street is needed for other purposes by the Arbuckle estate which owns it.

The girls have a sentimental attachment to the ship where they have lived long and been happy, and the prospect of moving also means a serious financial problem. On the Jacob Stamler charges for board have ranged from \$2.89 to 3.50 and the girls say they can't get accommodations elsewhere for that amount. Some of them earn only \$4 a week and none more than \$7 or \$8. Some are out of work.

Fifty-nine years ago the sailing ship Jacob A. Stamler was one of the largest passenger vessels plying between New York and Havre, France. Later she took cargoes to and from nearly every large port in the world. John Arbuckle, the coffee king, purchased her in 1901 and turned her into a traveling hotel, making nightly trips from the Battery to Sandy Hook.

In recent years she has been moored, at East Twenty-third Street and maintained with the yacht Gitana as a floating dormitory for girls at the expense of the Arbuckle heirs.

Frank D. Sheeley has been skipper mate, pilot and foster-parent for the "crew" of the ship. His wife is called "mother" by the girls and really acts in somewhat that relationship to them.

SISTER HANNAH FINDS WORLD BAD

Declares it is Coming to Dreadful State With Too Many Sunday Amusements

NOT THAT WAY 50 YEARS AGO

(By United Press.) Denver, Colo., Aug. 19.—"This world is coming to a dreadful state."

Sister Hannah has been in the world 86 years and ought to know. As parish visitor at St. Mark's she is one of the best figures in Denver.

Comparing the times with a half century ago, Sister Hannah said: "It's harder to get people to church today than it was fifty years ago. People now don't want religion, but pleasure."

"Fifty years ago everyone went to church as a duty and a pleasure. Today most men consider themselves martyrs if they attend."

"Fifty years ago people went to church three times on Sunday and read Sunday School books between services. Today the majority go to three picture shows a Sunday."

"Fifty years ago mission workers did real work. Today they do it via the pink tea route."

"Is it suitable for Sunday? was the question that was put to every proposed action for that fifty years ago. Is it suitable to my pleasure? is the question we substitute today."

"Today women hate to grow old. In my time they enjoyed old age as an old woman."

"Fifty years ago we had the most simple and sensible dresses. Today it doesn't matter whether you wear a dress or not. The less you have on the better."

"In my girlhood I can remember

how the street in front of my house was thronged Sunday with crowds going to and from church. Today the crowds go to the movies.

"We often hear of the days when a man was not allowed to kiss a wife on Sunday. Now we are on the rebound. Today the Sunday attraction is the picture show, the baseball game or the automobile. God does not figure in the plans at all."

ADMISSION 5 AND 10 CENTS

WARREN T. MCCRAY FOR GOVERNOR

He Seeks the Republican Nomination as a Business Man and Farmer.

The candidacy of Warren T. McCray, of Kentland, for the Republican nomination of Governor of Indiana, is meeting with cordial response over the state, largely because he is a representative business man and foremost among the progressive farmers, and is not seeking the office as a politician. While always interested as a good citizen in the politics of his State, Mr. McCray has never before been in politics in the sense of seeking an office for himself.

He is president of the Indiana State Board of Agriculture and has been a member of that board for many years and through the Board and in other ways has been diligent in promoting the general farming and live stock interests of Indiana.

Mr. McCray's acquaintance in Indiana is very wide among the busi-

ness, farming and live stock element. He is president of the Discount and Deposit State Bank, of Kentland, which has enabled him to get a broad view of business affairs as they relate both to the man in town commercial life and to the man on the farm. He owns one of the largest farms in the state, which is a model in equipment and in its operations, and on it he has the largest and finest herd of Herefords in the world. He is a man of unlimited business ability, public spirited, and believes that every man owes a duty to his state and country. He has entered the contest for the Governorship at the urging of men over the state who know of his qualifications. He especially appeals to that element of the Hoosier people who believe that he can be of large service to the whole state as Governor, regardless of partisan ties.

Frenzy of Partisanship

The Psalmist who said in his haste that all men are liars would have found excuse for his precipitation in many utterances from every side of this great war. A curious example of the tendency of excited men to exaggerate is furnished by an utterance of the editor of the New York Staats-Zeitung. It is now officially declared at Berlin that Germany is stronger in all resources than at the beginning of the war and can not be starved, but a few days ago the Staats-Zeitung asserted that only after Germany's one million soldiers had been starved and compelled to face fifteen million enemies in arms was it decided to resort to poisonous gases.

The exact language employed by Mr. Ridder's newspaper in reference to poisonous gases is quoted as follows: "It was then perhaps that the German emperor, with every man under 45 in the field, with one million at war with nearly fifteen million, unable to make more men, held the air with gases. And God knows that the gases were the last weapon made in hell, but the hell was Germany's hell and allies had made it for her." These sharply conflicting and equally astonishing statements of Herman Ridder and the Secretary of the Imperial German Treasury will serve to remind reflecting observers that while wars are being waged it is the part of wisdom to believed but a small part of what we hear and to doubt no little even of what we see.

An exchange tells us that "burning a large onion on a red hot shovel will do away with the odor of tobacco." Good boy! And we suggest

a pound or two of limburger cheese as a sure cure for the smell of the onion.

The twentieth century has produced at least one brainy man besides ourself. He suggests that thrifty housewives dry out their old coffee grounds and keep them for the use of borrowing enighbors.

In order to get the most satisfaction possible out of our new summer wear it will be first necessary to find the summer.

We have a most excellent wall map of the world, but it was made several days ago and is now quite hopelessly out of date.

Don't be afraid to shout for good roads. The louder the noise the sooner it will be heard.

HOOSIER HISTORY

Prepared for the United Press by the Centennial Department of the Indiana Historical Commission.

FIRST STATE OFFICERS

In the first state election held in 1816, the officers chosen were: Jonathan Hennings, Governor, defeating Thomas Posey, 5211 to 5934; Christopher Harrison, Lieutenant Governor; William Hendricks, Representative in Congress. Other officers were chosen by the first state legislature as follows: Robert A. New, Secretary of State; W. H. Lilly, Auditor; Daniel G. Lane, Treasurer; James Noble and Walter Taylor, United States Senators.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

Smoke **FAIR PROMISE 5c Cigars**

PROPOSED TAX RATE DISCUSSED

Continued from Page 1.

City valued at \$170,000, namely: Water and Light Plant \$150,000, City Park \$10,000, other property and fire equipments of \$10,000, and only in debt \$39,000 on January 1, 1916. Why a rate higher than \$.90 on the \$100? Twenty years ago we only had a valuation for taxes of \$2,200,000 and a bonded indebtedness of \$76,000, and a rate of \$1 to \$1.25. The following figures are only estimates for the year 1916, except the tax levy, all that anybody could make is an estimate, and if taxpayers are not sure this estimate is nearly right get busy, do some figuring for yourselves. Mr. Howe Sec'y. of Kansas Tax Commission says, the average taxpayer knows nothing of facts of taxation. Now Mr. City Taxpayer, after going over the following receipt and estimates of expense for 1916 ask your councilmen why should the tax rate be over \$.90. Of course these estimates are made on the fact that 1915 has come out clear of debt and all accounts balanced up. If the city officials contemplate making any great improvements, such as enlarging water and light plant, or to remodel city building, only necessary, to make a levy after work is done by bonding the city or mortgaging said building or plant, so the future generation and tax-payers will have a chance to pay for this improvement, as has been done in the past, as our court house was paid for and as our school buildings are paid for. Now, Mr. Officer and Taxpayer, this argument as a business proposition, as I see it. And another thing I want to mention and should be looked at carefully in 1915, \$1,500,000 worth mostly residence property was assessed for street oiling, at estimated cost of \$7,000, an average of 50 cents on the \$100 of the valuation, now add this assessment to a rate of \$1.15 taxes, as it now is, makes a total of \$1.65 on the \$1000. Now Mr. Taxpayer, if they want to pay the street oiling out of the general fund and release as resident property owners on gravel and dirt streets from this assessment we heartily agree that a \$.90 cent levy for the year 1916 would not be enough.

Receipts.	
\$3,200,000 tax valuation	
at \$.90	\$28,800.00
Water rentals	4,500.00
Electric light receipts	12,000.00
Pool table licenses	150.00
Other licenses	50.00
Total	\$45,500.00

Disbursements.	
General purposes, officers' salaries	\$ 2,400.00
Marshall and police	2,400.00
Attorneys fees	200.00
Streets and alleys, labor	4,000.00
Street material	2,000.00
Sanitary sewer repairs	500.00
Fire department help	1,500.00
Repair and incidentals	500.00

Water and Light Plant.	
Superintendent and labor	\$ 8,500.00
Fuel	8,000.00
Repairs, and oil, etc.	3,000.00
Insurance	500.00
Bonded indebtedness to be paid in 1916	4,000.00
Interest on bonded indebtedness	1,950.00
Miscellaneous expense, gas and fuel	500.00
Less delinquent taxes, not collectible	2,000.00
Less delinquent water and light	500.00
Total	\$42,450.00
Balance to credit side	\$3,050

The reason that the tax levy was raised for the year 1915 from \$1.00 to \$1.15 on the \$100 was for the purpose of redeeming \$6,000 of old bonded indebtedness and interest that comes due this fall. We are to presume this extra levy will meet the requirements for which it was intended. The conditions are different for the year 1916 and we believe that a 90 cent levy can meet all expense and debts as appear now. A levy of \$1.15 means \$8,000 more money than the above figures.

Type-writing and Stenography wanted by the piece, for a few weeks. Phone 1061. 13613

MANY BOYS WILL ENTER CONTEST

Live Stock And Grain Judging at State Fair Expected to Bring Out Many Entrants

16 TO 20 YEARS ELIGIBLE

City Boys Have Equal Chance With Country Boys Because They May Prepare For It.

Many boys from different parts of the state are preparing themselves for the Live Stock and Grain Judging Contest to be held at the State Fair Grounds, Tuesday, September 7, 1915.

Any boy between the ages of 16 and 20 years, inclusive, living in Indiana who has never been enrolled in any regular course in a school of agriculture may enter this contest. One boy has equal chances with any other. It is not always the boy who has had the most experience with animals that wins this contest. Last year a city boy won. He prepared himself for the contest by studying Purdue Circular 29, "Live Stock Judging for Beginners."

This is a phamplet prepared by the Animal Husbandry Department for boys and girls who are particularly interested in live stock and wish to make themselves more efficient judges. By conscientious study of this circular alone, any boy in the state may so improve his ability for judging live stock that he may win one of the four premiums offered by the State Board of Agriculture.

First premium is a scholarship either in the four-year course or the eight weeks Winter Course in the School of Agriculture amounting to \$100; second premium is a scholarship of \$75; Third a scholarship of \$50 and fourth a scholarship of \$25. Any one of these premiums should be sufficient to spur any ambitious boy to make a little extra study and enter this contest. Mr. Chas. Downing, Secretary of the Indiana State Board of Agriculture, of Indianapolis, Indiana will send entry blanks and a premium list which explains the contest in detail, to any one who wants to enter the contest. Write Purdue School of Agriculture for Purdue Circular 29, "Live Stock Judging For Beginners."

CURRENT COMMENT.
What Did It!
(Wheeling Intelligence)

Just what started the wheels of Riverside plant whirring again? Not the Democratic policies. Just what silenced the whirring of those wheels for the past nineteen months? Why the destructive, economic policies of the Democratic party expressed in the Underwood tariff bill. No sane man can believe that the same influence that operated to send depression and stagnation abroad in the land have worked to dispel unemployment, languishing industry and distracting business conditions, yet some Democratic papers wilfully and misleadingly affirm it. It is a most preposterous proposition, but quite characteristic of the deformed Democracy.

For nineteen long months the cold furnaces and smokeless stacks of the Benwood plant have testified to the ruthless destructiveness of the Democratic tariff measure. Its continued idleness multiplied woe and distress; many of its employes mortgaged their homes to provide the necessities of life for their starving families. Others, in despair, set their faces towards other fields of employment. Now that plant has resumed, we are told that we must forget these things and honor the Democratic party for the prosperity that is at hand, when that party has no more to do with this revival than it has to do with the rising and setting of the sun.

It is one of the happier consequences of the European war that intervened to suspend the functional destructiveness of the Democratic free trade measure that started the Riverside plant by providing protection which had been removed by the un-American Democracy.

Small-Size Tires Made Bigger

Tires 30x3½ — Also 30x3

20% More Capacity
30% More Rubber
In Side Walls
\$317,000 Better

\$317,000 Better

Note what Goodyear users get this year on tires in smaller sizes.

We have added 20 per cent to the air capacity. That adds immensely to your riding comfort, combats the blowouts and over-loading that came to smaller tires.

We have added 30 per cent to the rubber in the side walls, where constant bending breaks so many tires.

We have made new molds—changed the whole design—because of newly-discovered ways to add to the tires' endurance.

\$317,000 Better

These improvements will cost us this year \$317,000 extra.

Yet this year also brought to Goodyear users an enormous price reduction, making 45 per cent in two years.

Note that Goodyear tires, as made before, won top place in Tiredom. Never has another tire won so many users.

It is these tires—proved the best tires built—which we have bettered this year in every way that experts know.

Get these super-tires. Our mammoth output makes this extra value possible. Don't take smaller, thinner tires.

ALL OF PLAYERS ARE KNOWN HERE

Fans Are Acquainted With Harry
Bacon, McCann, Werner, and
Others of Richmond Team.

REISS TO PITCH FOR RUSHERS

Two Good Games Are Promised For
Sunday Afternoon—Humpty
Badel Will Be Back

The fans here are pretty well acquainted with most of the players on the Richmond team that will play the Rushers here Sunday. Harry Bacon will do the pitching. Bacon was with Connorsville a part of last season and this year pitched for the Blue Licks against Rushville. His work is well remembered and he is considered a classy pitcher.

McCann, who took over the management of the Richmond team following the disposal of Dick Kenny is playing center field; Burbrink, second base; Koenig, third base; Myers first; Kinderman, short; Pick, catch; and Werner left field. This team is considered a fast aggregation and a real ball game can be expected.

The Rushville team will lineup as in the past with the exception of the addition of Humpty Badel. Brientstien, will be sen in right, Reggy on short, Rohe at first base, Laacke at third and either Hellmund or Badel in center. Bob Goodfellow will do the catching and Jack Reiss will be on the mound. Reiss is known as some pitcher by fans here and he has assured Manager Davidson that he will work his head off to please the fans here.

The first game of the double header Sunday will be with the Buckeye Bloomer Girls. This team is recognized as the championship team of the west. The management has announced that Miss Welz will pitch for the girls and Marie Flamers will pitch the contest for Rushville. This game promises to be no fluke exhibition and the two games should provide plenty of sport for the fans.

The first game of the afternoon will start at two o'clock.

NOT TO BE GIVEN BACK TO RUSSIA

Poland Will be Given Change to De-
velop Independent Kingdom,
German Announces.

SPEECH BEFORE REICHTAG

(By United Press.)
Berlin, (By Wireless to Sayville,) August 19.—The first definite announcement from the government that Poland will not be restored to Russia when a peace treaty is signed was made by the German chancellor, Dr. Von Bethmann-Hollweg, in opening the sessions of the reichstag this afternoon.

The chancellor's speech, pleading a brighter future for the Poles and an opportunity to "fertilize an individual national character" was interpreted by his hearers as a promise that an independent Polish kingdom, perhaps under German or Austrian suzerainty, will emerge from the war.

Rexall Dyspepsia Tablets

will relieve your indigestion. Many people in this town have used them and we have yet to hear of a case where they have failed. We know the formula. Sold only by us—25c a box.

Lytle's Drug Store.

Meals at Fair Grounds.

FRAT LEAGUERS PLAY TOMORROW

Elks And K. of P's. Meet at Edge-
water Park in Contest For
League Leadership

NEW PITCHER IS SIGNED

The Elks and K. of P.'s clash tomorrow afternoon in a game that will decide the leadership in the Fraternal league for the time being and because of this great interest is being shown in the outcome. The largest crowd thus far of the league season is expected.

Both teams are ready for the battle. The Knights of Pythias have announced their lineup. There is no changes except a new pitcher has been added. Carl Fisher may pitch part of the game, but at present it is planned to start Conde. The K. of P. lineup is as follows: Carter, short; Cassidy, second; McDaniel, center; Todd, left; McGuire, first; Tompkins, catch; Camp, right; Brown, third and Conde or Fisher, pitch.

The game will be called at 3:15 o'clock and Alexander is expected to umpire.

MEET TO BE HELD AT PLAYGROUND

Races, Jumping and Tennis Tourna-
ment Will Take Place in City
Park Friday Afternoon.

IS SECOND OF THE SEASON

A second field meet will be held at the playgrounds in the city park Friday afternoon. Races of all kinds for both boys and girls are on the program, including dashes, runs, potato races, sack races etc. A tennis tournament will furnish some amusement and there will be pole vaulting and high and board jumping. All contests are open for children under twelve years of age and if there are as many as three entries in any one event, contests for boys over twelve years of age will be held.

Considerable interest was aroused among the children in the last playground meet on July 31. At that time Norman Lavine barely defeated Harold Miller for first place in the dashes and Fred Lucas won the long race for boys. Among the girls Flora Belle Gilson proved to be the swiftest in both dashes and potato race, with Mary Levi as a close second. At the tennis court finals Harold Miller defeated Marvin Rigsbee in the boys' singles and Magdalene Arbuckle took first place among the girls, with second falling to Jean Sparks. In the larger boys doubles Eugene Burris and John Keating defeated all comers.

Persons who have won first place in any event in a former meet will be prohibited from contesting in that event in Friday afternoon's contests. Cards will be awarded for first second and third places; the races will commence promptly at 2:00 o'clock Friday afternoon.

BAND CONCERT PLEASES

Large Crowd Hears Two Vocal
Solos by Earl Robertson

There was a large crowd of people out last night for the weekly band concert by the Odd Fellows band. The concert began at seven-thirty o'clock because the evenings are growing shorter with the approach of fall. Two vocal solos by Earl Robertson, one of them an encore, were features of the concert. Director Harry Lucas rendered a cornet solo.

D.E.Roberts piano tuner will be in Rushville next week. Leave orders at Abercrombie's Store. 13612

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face. But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'sentinel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentinel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

Chief Cause of Pimples, Blotches, Sallow Skin

(Messenger of Health.)

Unslightly eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a sluggish liver, a constipated bowels and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which can never have natural, permanent results. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick acting. It is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits. "Sentinel tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize that there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Sentinel tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

Great Demand for New Constipation Remedy

They say that the advent of the "sentinel tablet" as a vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a hit particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives. Sentinel tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the "catarrhic habit." Also, instead of injuring the membranous lining of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their inexpensiveness is another reason for the popularity of sentinel tablets. One need procure only a dime's worth, and take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Druggists Review.

- Model 3.—A Reducing Corset of real worth, with non-rustable duplex boning and 6 supporters. Every size from 28 to 34. You have often paid \$1.50 for a corset no better, now **98c**

THE MAUZY CO.**DON'T LOCK THE BARN TOO LATE**

State Board of Health Falls Back on Old Adage in Advocating Disease Prevention Day.

FALLS ON FRIDAY, OCTOBER 1

Any Community That Permits Preventable Disease to Rob it is Criminally Negligent.

"Indiana must stop the foolish practice of locking the barn after it has been looted" says the Indiana State Board of Health in a statement issued in connection with the Disease Prevention Day campaign that is now under way. Disease Prevention Day falls this year on Friday, October 1st.

"Any community" the statement continues, "which permits preventable diseases to rob it of the flower of its manhood and womanhood is not only foolish but criminally negligent."

"The appalling number of orphans, of sickly and crippled children, the long train of human misery, the enormous waste of money, which inevitably follows in the wake of preventable disease, should cause every Indiana citizen to give the most serious and careful consideration to the lessons taught by Disease Prevention Day."

"How much easier, how much cheaper, how much better it would be if we would only apply the simple remedy which most of us once knew, but which many of us have forgotten. Be RATIONAL—whether working, playing or sleeping; in selecting your clothing, food, work, friends, home; in all things be rational."

"The enthusiastic co-operation of every Indiana citizen should be given to this state-wide movement to make Disease Prevention Day of lasting benefit to each community."

CARRANZA REPLIES CURTLY

Answer is 'Nothing More Than Acknowledgement of Receipt.'

(By United Press.)

Washington, August 19.—General Carranza today curtly acknowledged receipt of the Pan-American Mexican peace note.

This acknowledgement he cabled to his agent here. It was not an answer by any means. Agency officials broadly hinted it was the last that would be heard from him.

VILLA FAVORS CONFERENCE.

(By United Press.)

El Paso, Texas, August 19.—Replying to Lansing Pan-American request to join a conference with other factions and establish peace in Mexico, General Villa promised all assistance in his power. His note was made public here today.

LINER ARABIC SUNK BY U-BOAT

Continued from Page 1.

Arabic:

"The Arabic sailed Wednesday afternoon with 131 cabin passengers and 45 steerage passengers, and with cargo and mail."

"She was sunk by a German submarine at 9:15 a. m. off the south coast of Ireland."

"We are hopeful all passengers and crew were saved."

"Fifteen boat loads have been accounted for. That is all the information we have."

The figures on the passengers given out by the company added to the 260 members of the crew makes a total of 436 persons on board the Arabic. If fifteen boat loads have been saved, it is evident, the company believes that a very great majority aboard were probably saved.

The statement given out here was cabled by the White Star agent at Liverpool.

400 RESCUED.

(By United Press.)

Queenstown, August 19.—The White Star line received a message this afternoon stating that a rescue steamer is bringing 400 of the Arabic survivors into this port. This accounts for all but about 35 passengers and crew, if the report is true.

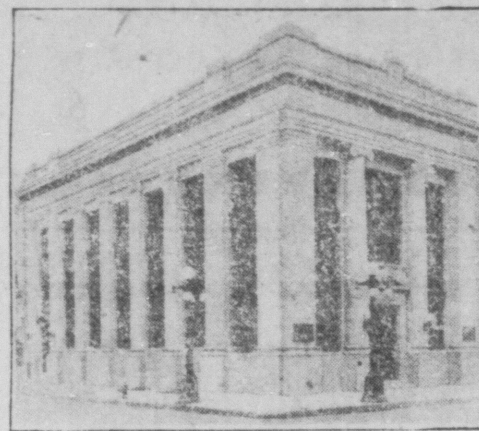

PIGEON KILLS TIME

(By United Press.)

Seattle, Aug. 19.—The reason so many travelers here missed trains at the King street union passenger station has been established. Pigeons have been joy-riding on the minute hands of the huge master clock in the tower, this slowed down the master clock as well as every other timepiece in the depot, which it controls.

HOMECOMING SUNDAY.

The Manila Christian church will hold its annual homecoming Sunday. All former pastors of the church are expected to be present and will be called on for a short talk. A basket dinner will be served at noon.

SAYS THERE WAS NO "FRAME-UP"

Continued from Page 1.

readvertised.

Madden said yesterday that he knows of no law against an architect bidding on work for which he had drawn up the specifications, but that it is contrary to public policy for an architect to bid on work over which he would have supervision.

The order of the accounts board directing all trustees to submit to the board copies of plans and specifications before contracts are awarded was made when in several instances it has been made apparent to the board that there was collusion between the architect and the trustees.

A dispatch from Columbus, Ind., says:

A. E. Ward, local contractor and builder, who drew the plans and specifications for and addition to the Taylorsville schoolhouse and was accused by the state board of accounts of irregularities in connection with the plans, declared that there was no "frameup" on his part. He admitted that certain material were specified in violation of law, but that they were not inserted with intent to gain an advantage for himself as a bidder.

LINER ARABIC SUNK BY U-BOAT

Hit by German Torpedo Today 60
Miles West of Spot Where Lusitania Went Down May 7.

ARABIC SINKS IN 11 MINUTES
Indefinite About Condition of Passengers, But Latest Reports Are 400 of 436 Are Safe.

(By United Press.)
London, August 19.—The White Star liner Arabic, carrying 435 passengers and crew and bound for New York, was torpedoed and sunk off the southwest coast of Ireland, near Fastnet this morning.
The Arabic was torpedoed at 9:15 a. m. and sank in eleven minutes. Eleven boats were quickly launched and were later picked up by a salvage steamer and brought to Queenstown.
The first dispatches from Queenstown carried contradictory reports. It was impossible to determine how many, if any, lives were lost. It was believed here, however, that the majority at least were saved.
The first dispatch said all the passengers and crew had been saved. The same report was received here immediately after the Lusitania was sunk. Immediately afterward a Liverpool report was in circulation there that "some lives had been lost."
Unconfirmed reports said practically all the 435 persons aboard the Arabic were taken off by another steamer.
The Arabic sailed from Liverpool yesterday afternoon. She was following the usual path for trans-Atlantic liners and was about 50 or 60 miles west of the spot where the Lusitania was torpedoed on May 7, when she was attacked by a German submarine.

WASHINGTON CONCERNED

Wants to Know if There Were Any
Americans Aboard.

(By United Press.)
Washington, Aug. 19.—The state department this afternoon took immediate steps to ascertain whether any American citizen was aboard the liner Arabic when she was torpedoed and whether the liner was given warning. These were the two final issues made by President Wilson in his last note to the German government.
Government officials were much concerned at news of the torpedoing. They were deeply anxious to know if there were any Americans on board and whether any of them perished.
If there were Americans and the ship was torpedoed without warning, it was feared that the situation might be serious, even if no one was killed.
The government had not received an official announcement.

GREAT MAJORITY SAVED

White Star Line Offices Say 15 Boat
Loads Are Rescued.

(By United Press.)
New York, August 19.—New York offices of the White Star line gave out the following statements at 2:25 this afternoon on the sinking of the

FORCED TO PAY FEDERAL FEE

"Blind Tigers" Running Under Guise
of Camps Along Flatrock Caught
by Federal Agent.

SPRINGS A COUP ON THEM
Several in This and Decatur Counties Compelled to Pay \$25 For a Revenue Stamp.

The internal revenue officers have made good their threat that they would raid illegal liquor camps in obscure places and make them pay the government license fee of twenty-five dollars, according to word reaching here from Greensburg.
The revenue collectors in Indianapolis gave out warnings that they would get illegal liquor salesmen in their district who did not comply with the federal law. The warnings were published in the state and local newspapers. The federal collectors had no desire to punish law violators, but wanted to collect the twenty-five dollars for the government.
Now come the news from Greensburg that a revenue collector this week raided several camps along Flatrock in this and Decatur counties and caused them to "fork-over" their government license. The Greensburg Times says:
"Tigers" along Flatrock, between St. Omer and Rushville, were raided this week by Captain Rief of the internal revenue service, and the keepers were forced to pay the government fee.
The officer is said to have found several "camps" where liquor was sold in defiance of the internal revenue laws. These camps are believed to have been established solely for the purpose of evading the laws and were located in out of the way places along the river. According to reports which have reached this city one camp was run by a woman.
Camps established for the sale of liquor usually are protected by watches who are placed at the various points of ingress. This sentry system makes it hard for officers of the law to approach the camps without having their movements disclosed by means of the outposts.
Captain Rief employed a different method. He engaged an automobile and went up the river from St. Paul keeping close to the bank and avoiding the much-traveled highways. In this manner he was able to evade the watchers and steal in upon the camps and surprise the liquor sellers.
The revenue officer had great difficulty in reaching some of the camps owing to the high waters. In many places the river was out of banks and Captain Rief was obliged to worm his way around the temporary bayons. The camps in some cases were located in sequestered spots almost inaccessible from any direction.

MOVIES SUPPLANT SERMONS.
New Lenox, Ill., Aug. 19.—Methodist Ministers of the Joilet district meeting here today had for one topic of discussion the use of moving pictures as a regular part of the church program. Rev. James O'May, of Aurora, who has successfully used movies as a substitute for sermons at times, explained the plan's merits.
The water bill at the court house, amounting to \$135, was for three months instead of one month as stated yesterday. This is about \$30 more than it should have been, according to Custodian Dickman, as it was some time before he could locate the leak.

PROPOSED TAX RATE DISCUSSED

Former City Treasurer Suggests
Levy be Reduced to 90 Cents
if Owners Pay For Oiling.

NEW PHASE OF SITUATION
Advances Idea That Oiling Can be Paid From General Fund With Levy Remaining Same.

If the city is to pay for the street oiling out of the general fund next year let the tax levy for 1916 remain at \$1.15 on each \$100 of taxables, but if the property owners are to pay for oiling as in the past reduce the levy to \$1.00. This is the argument advanced by M. V. Spivey, former city treasurer. As the city council is preparing to make the estimate budget and place the tax levy for 1916 the discussion of the subject by Mr. Spivey is quite timely and the subject is one that should receive consideration from all taxpayers.
Mr. Spivey has estimated the expenses of the city for next year and also the estimated receipts. According to his figures, at a ninety cent tax levy the city would have a balance of \$3,050 at the end of the year. Mr. Spivey has submitted the following argument for consideration:

City Tax Levy.
Estimate Budget for the year 1916.
Based on a 90 cent levy on \$100 of taxable property, why should it be more?
I notice in an issue of The Daily Republican that our councilmen were figuring on a \$1.15 levy for the year 1916 and after making some figures and estimates given below we tax-payers should know why. The City will on January 1, 1916 have a bond indebtedness of \$39,000 payable \$4000 per year until paid. We have a valuation for taxes of \$3,200,000. We have estimated property belonging to the

Continued on Page 4.

TO MAKE PARCELS POST DISPLAY HERE

Postoffice Will Have Exhibit at
County Fair Next Week and Representative to Explain System.

SUGGESTED BY DEPARTMENT

The Rushville postoffice will have a parcels post display at the Rush county fair next week, it was announced today. The display is made on suggestion of the department at Washington and is done to educate the people and teach them the value of the parcels post department.
The display will be made without any expense to the postoffice whatever. The space will be given free by the fair association and merchants and others are requested to loan parcels to the postoffice for display. The parcels will contain the business cards of the owners for advertisement purposes. There will be someone from the postoffice at the display all the time ready to explain the value of the parcels post. It was suggested today that many persons who know nothing of the innovation might learn how they could utilize the parcels post in their business. The display has been made at other county fairs.

SAYS THERE WAS NO "FRAME-UP"

A. E. Ward, Columbus Contractor,
Formerly of This City, Plans
For Building.

IS ALSO ONE OF BIDDERS
State Board of Accounts Causes Awards to be Held up Because of Alleged Irregularities.

A. E. Ward, contractor and builder of Columbus, who lived here until a few years ago, has denied that there was a "frame-up" in connection with the awarding of a contract for an addition to the school building at Taylorville, Bartholomew county.
Due to a recent order of the state board of accounts requiring township trustees to send plans and specifications of proposed new buildings for approval before contracts are awarded, the board has held up bids on the addition to the Taylorville building.
According to Indianapolis Star, William Madden, an official of the accounts board, who caused the opening of the bids to be held up, says that A. E. Ward of Columbus, the architect, told him that he (Ward) not only drew the plans for the addition to the new building in which he gave the architect the right to reject any or all bids or accept any bid, but that he (Ward) also was one of the bidders.
Madden asserts also that the specifications for plumbing in the new building were so worded that the successful bidder would be required to use a certain specific brand of material in installing certain equipment.
It is probable the work will be Continued from Page 6

COMMITTEE COMES HERE TO GET IDEAS

Shelbyville Chautauqua Boosters
Visit Coliseum And Inquire
Into Local Plan

MAY CO-OPERATE ON TALENT

A committee from the Shelbyville chautauqua was here Wednesday afternoon discussing the independent chautauqua and looking over the local field. The Shelbyville chautauqua has just been reorganized and has been incorporated. It is their plan to follow the Rushville and Columbus chautauquas by operating independently. The Shelbyville people expect to build a coliseum at the fair grounds there. While here yesterday the committee visited the coliseum at the park and asked for suggestions from local people.
It is more than likely that Rushville and Shelbyville will co-operate in securing some of their talent for next year. Shelbyville, Rushville and Columbus will hold their chautauqua the same week next year and by co-operating these three cities may be able to secure some attractions that would not otherwise come to this section for one engagement. The date for the chautauqua next year has been set for August 6 to 13.
The committee from Shelbyville was composed of Mrs. H. C. Sexton, Mrs. H. C. Morrison and John Day DePrez, F. J. Rembusch and J. W. Holton.

LOCAL COMPANY MAY WIN \$250

Members of Ivy Co. No. 35, Returning From French Lick, Say
Rushville Will be in on Awards.

J. E. WATSON CONFERS DEGREE
Some Portly Members Reflect How Near They Came to Being Soldier Boy—Plan of Gen. Young.

Members of Ivy company No. 35, U. R. K. of P., returning from the biennial encampment now on at French Lick, report that Ivy company has a good chance to carry off a prize of \$250. Fifteen hundred dollars in prizes are to be awarded on the best attendance and inspection.
One of the features of yesterday's program was the meeting of Kalmura temple, No. 134, dramatic order Knights of Khorassan. The degrees were to be conferred by James E. Watson of this city and Tom Taggart and the work was to be given by Danville, Ill., team.
Some of the portly and rather aged members of Ivy company were contemplating with some relief today how narrowly they missed becoming a soldier boy. Brigadier General Young, commanding the Uniform Rank of the United States and Canada, arrived in French Lick Wednesday and announced that the lodge was attempting to obtain the co-operation of the United States war department in establishing military schools in cities where the membership of the Uniform Rank is more than five hundred.
Of course, the membership of Ivy lodge is far from five hundred, but at the same time many members reflected today that it was getting dangerously close to being a soldier to have a proposition such as the one Brigadier General Young proposed. They figured that there was always a chance of all companies being included. The membership of the Uniform Rank totals 750,000, which is larger than the United States standing army.
Dispatches from French Lick today said the encampment review was held Wednesday afternoon. Following the parade, Ivy company No. 35 of this city had guard mount drills, assisted by the Indiana Brigade band.
There are nine companies competing for the cash prizes. Every morning the judge, Major Naftzger of the Indiana National Guards, and Major Smail of the Illinois National Guards, inspect and count the companies. The awards will be given out Friday noon.

BAPTIST MEETING OPENS
Several From Here go to Shelbyville Today For Session.

BODY REACHES NEW YORK

Corpse of Leo M. Frank to be Taken
to Parents' Home.

(By United Press.)
New York, August 19.—The mutilated body of Leo M. Frank was taken early today to the back room of a Brooklyn undertaking establishment where it was made as presentable as possible before being taken to the home where the father and mother waited.
No police guard was necessary when the train bringing the corpse reached the Pennsylvania station at 6:25.
Rich Wilson, who has been ill at his home in North Main street, remained about the same today, showing a slight improvement.

PUT HURRICANE'S HARVEST AT 131

Known Dead In Storm That Swept
Gulf Region is Placed at That
Total This Afternoon.

WAR DEPARTMENT TO HELP
Will Send Supplies to Sufferers—
Twenty Reported Dead in Fall
of Causeway Hotel.

(By United Press.)
Dallas, Texas, August 19.—The death toll of the three-day hurricane that swept the gulf country from Louisiana nearly to the Rio Grande will reach far above a hundred. The known dead early this afternoon totaled 131.

TO ASSIST RED CROSS.
Washington, August 19.—The war department today arranged to send food, bedding and tents to storm sufferers at and around Galveston. The supplies will go from forts Sill and Leavenworth. Army officers will co-operate with the Red Cross.

DEAD PUT AT 100.
Houston, Texas, August 19.—The Shreveport baseball team, with 300 other refugees, refugees here from Galveston today. Joe Kneaves, manager, said that between fifty and one hundred lives were lost there. D. L. Carroll estimated the number of dead at much less.
The water at one time was 6 feet deep in Galveston. Nine big oil tanks burst, spreading oil over the city. A dance was held at the hotel Galvez when the storm was fiercest Monday night. Candles were used after the power house went out of commission.

HOTEL COLLAPSED.
New Orleans, August 19.—Twenty persons were drowned at Virginia Point in the collapse of Causeway hotel with sixty guests, according to reports reaching her today. The life saving station at Surfside, Texas, is reported to have been demolished.

190 MAROONED ON ISLAND.
Abbeyville, La., August 19.—One hundred and ninety persons, including many women and children have been marooned on Marsh Island, thirty miles from here, for seventy-two hours. All efforts at rescue or to convey food to them so far have failed. A fleet of rescue boats sent under the personal orders of Governor Hall was driven back. Another attempt was made this morning.

Personal Points

—Mrs. John Hiner spent the day at Winona.

—Miss Effa Lee Frazier spent the day in Connersville.

—Morris Winslow was a visitor in Indianapolis today.

—H. G. Hackman was a visitor in Indianapolis today.

—Frank Wilson transacted business in Franklin today.

—John Wallace transacted business in Wilkinson today.

—Mr. and Mrs. Ben Sparks were visitors in Winona today.

—Jas. Moore attended the fair at Connersville last evening.

—Clifford McGinnis is taking a short vacation at Winona.

—Gibson Ross was a visitor at Connersville last evening.

—Mrs. Molly Conner has gone for a short visit in Lapel, Ind.

—Sam Finney transacted business in Indianapolis today.

—Miss Agnes Winston was a visitor in Indianapolis today.

—Miss Sallie Ferree has gone for a ten days' visit at Winona.

—Mrs. Anna Nolan has gone for a visit with friends in Oldenburg.

—Mrs. Maud Reed Wolcott was a visitor in Indianapolis today.

—John Conaway attended the Connersville fair last evening.

—Karl Higgs is visiting in Connersville and attending the fair.

—H. E. Sharp of Richmond transacted business in this city today.

—Forrest Jones is the guest of friends in Wabash for a few days.

—Mrs. Joseph Mills of this city has gone for a visit at Edon, Ind.

—Mrs. M. A. Maxey of this city was a visitor in Connersville today.

—Frank C. Clark of Chicago was a business visitor in this city today.

—Dr. W. T. Lampton of Milroy was a visitor in Indianapolis today.

—Walter Aldridge of this city has gone for a stay at Huntington, Ind.

—The Rev. and Mrs. A. W. Jamieson are spending the week at Winona.

—Herman Tompkins and son John K. were among the visitors in Winona today.

—E. J. Stoops attended the Fayette county fair at Connersville last night.

—Harold McClannahan has gone to Deputy, Indiana, for a visit with friends.

—Mr. and Mrs. Oscar Armstrong attended the fair at Connersville yesterday.

—Mrs. Margaret Champion has returned from a short visit at Greenfield.

—The Rev. V. W. Tevis has returned from a short stay at Connersville.

—Mr. and Mrs. Jess Booth left this morning for a short visit at Chicago.

—Miss Dolly Tucker of Westport is visiting friends in this city for a few days.

—Miss Carrie Laverne Conaway will attend the fair at Connersville this evening.

—The Misses Nellie Drake and Leona Thomas were visitors in Winona today.

—Raymond Vredenburg and Irvin Greeley were passengers to Winona this morning.

—Mrs. John Scanlan of Indianapolis was the guest of friends in this city last evening.

—Herbert C. Flint went to Richmond Wednesday evening to visit for a few days.

—Mr. and Mrs. Clifford Stevens and son Fred attended the fair at Connersville today.

—Harry Schmazell, Dwight Vansodol, and Harold Bever visited in Connersville today.

—Mr. and Mrs. Lewis Newhouse of Occident attended the fair at Connersville today.

—Mr. and Mrs. John Murphy of near New Salem were visitors in Connersville today.

—Mr. and Mrs. Samuel Tucker of Glenwood have gone for a short stay at Oxford, Ohio.

—Gene Laithe and Fred Sharp of Newcastle will spend this evening with friends in this city.

—Mr. and Mrs. Thomas Maley of Chicago are the guests of friends in this city for a few days.

—Miss Helen Carroll has returned from a visit in Plymouth, Ind., with Mr. and Mrs. Will Carroll.

—Mrs. John Scanlan of Indianapolis is visiting friends and relatives here for a few days.

—Mr. and Mrs. Harry Shelhorn and Miss Dolly Whitlow of Milroy spent the day at Connersville.

—Miss Isabelle Wilson returned this morning to her home in Elkhart after a short visit in this city.

—Mrs. Orphie Lockridge and daughter Ethel of Carthage attended the fair at Connersville today.

—Miss Marie Mack is spending the week in Connersville, the guest of the Misses Maude and Lucy Neff.

—Miss Gladys Clifford has returned to her home in Greenfield after a visit with Miss Grace Billings.

—Miss Esther Geraghty has returned home from Indianapolis, where she has been attending school.

—Mrs. James O'Neal and granddaughter Miss Francis of this county attended the fair at Connersville today.

—William Dugan and daughters, Miss Marie and Mrs. Lydia Schuck attended the Connersville fair yesterday.

—Mrs. Mary Fifer and Mrs. Albert Tipton of Knightstown spent the day in Connersville and attended the fair.

—Miss Katherine and Austin Clifford returned to Indianapolis yesterday after a visit with Miss Grace Billings.

—Mr. and Mrs. Julius Haaring of near Flatrock have gone for a short visit with friends and relatives in Oxford, Ohio.

—Mrs. C. J. Logan and son returned this morning to their home in Albion, Mich., after a visit with friends in this city.

—Mr. and Mrs. J. W. Alsop and son Fred have gone to Shelbyville, where they will attend the Flatrock Baptist Association meeting.

—Mr. and Mrs. John Stiers, son Howard and daughter Pannie, and Harold Wolcott motored to Connersville today and attended the fair.

—Mrs. George Riggsby of Brookville was the guest of Mrs. Maria Smullen in Raleigh today.

—Mr. and Mrs. Frank Cupp and Miss Ruth Moore of near New Salem were visitors in Connersville today.

—The Misses Ethel Oakley and Anna Gessler, and Frank Shaefer and Albert Sweet will motor to Connersville tonight and attend the fair.

—Mr. and Mrs. Channey Duncan, Mrs. Frank Wilson, Mrs. Phil Wilk and daughters Erema and Edith motored to Indianapolis today in Duncan's car.

—Mr. and Mrs. Douglas Davis, of Columbus, Ind., who have been visiting her sister, Mrs. William Dugan, went to Connersville today for a visit before returning home.

—Mrs. Maisey Simpson of Indianapolis has been the guest of Mrs. Mary Brown for the last few days. Mrs. Brown and Mrs. Simpson have gone for a few days visit in Milroy.

—Mr. and Mrs. Charles Riegers and son Charles William of Indianapolis are here for a ten days' visit with Mrs. Riegers' parents, Mr. and Mrs. William Hardin, of West Third street.

—Mrs. M. R. McDaniel and daughter Catherine returned this morning to their home in Chicago after a visit with friends and relatives in this city. Miss Lora Spurrer accompanied them home.

—Mrs. Arthur Reynolds of Glenwood, Mrs. Nolley Newkirk, Mrs. Will Havens, Mrs. Will Trennepohl, Mrs. John Singer, Mrs. Margaret Lock and Miss Florence Smiley attended the fair at Connersville today.

Amusements

The Princess will show a three reel feature "A Daughter of the Nile" for the program tonight. Mary Fuller and Matt Moore are featured and it is said to be a fine drama telling a beautiful story. Tomorrow night the second episode of the thrilling story "Under the Crescent" will be shown. Princess Hassan tells her actual experiences in this series and the one tomorrow night is entitled "The Cage of the Golden Bars."

The Princess will show four reels tonight. The first is a two reel Charles Chaplin comedy "His New Job." The second is a railroad drama "The Human Chain." Helen Holmes is featured and it is said to be a thrilling picture. The last is a comedy "Nearly a Prize Fighter." Billy Reeves is featured and it is said to be a great comedy. Tomorrow night the three reel feature "Love, Snow and Ice" will be shown.

FISH IN BROADWAY.
Little Falls, Minn., Aug. 19.—As a mute protest against what they considered inadequate drainage of East Broadway, business men declared a "day off" and "went fish-in" in front of their places of business. When the city council failed to take any action to rid the streets of its surplus water the business men got several small fishes, threw them into the pools along the street and then baited up their lines, and grimly waited for bites. The council met in special session, and decided upon drainage for that street.

ITALIAN EXODUS SMALL.
(By United Press.)
Washington, Aug. 19.—The number of Italians leaving the national capital to join their colors is not near so great as it was during the Turko-Italian war. The outpouring at that time nearly demolished the Italian district of the city. The reason ascribed is that comparatively few Italian immigrants have come here in the last few years.

GIRLS WILL LOSE FLOATING HOME

Old Ship Jacob A. Stamler Due to be Abandoned And Fifty Will be Left Homeless

(By United Press.)

New York, Aug. 19.—The old ship Jacob A. Stamler was due to be abandoned today by the fifty working girls who have made it their home for some years. The vessel, moored in the East River near the foot of 23rd street is needed for other purposes by the Arbuckle estate which owns it.

The girls have a sentimental attachment to the ship where they have lived long and been happy, and the prospect of moving also means a serious financial problem. On the Jacob Stamler charges for board have ranged from \$2.80 to 3.50 and the girls say they can't get accommodations elsewhere for that amount. Some of them earn only \$4 a week and none more than \$7 or \$8. Some are out of work.

Fifty-nine years ago the sailing ship Jacob A. Stamler was one of the largest passenger vessels plying between New York and Havre, France. Later she took cargoes to and from nearly every large port in the world. John Arbuckle, the coffee king, purchased her in 1901 and turned her into a traveling hotel, making nightly trips from the Battery to Sandy Hook.

In recent years she has been moored, at East Twenty-third Street and maintained with the yacht Gitana as a floating dormitory for girls at the expense of the Arbuckle heirs.

Frank D. Sheeley has been skipper mate, pilot and foster-parent for the "crew" of the ship. His wife is called "mother" by the girls and really acts in somewhat that relationship to them.

SISTER HANNAH FINDS WORLD BAD

Declares it is Coming to Dreadful State With Too Many Sunday Amusements

(By United Press.)

Denver, Colo., Aug. 19.—"This world is coming to a dreadful state."

Sister Hannah has been in the world 86 years and ought to know. As parish visitor at St. Mark's she is one of the best figures in Denver.

Comparing the times with a half century ago, Sister Hannah said: "It's harder to get people to church today than it was fifty years ago. People now don't want religion, but pleasure."

"Fifty years ago everyone went to church as a duty and a pleasure. Today most men consider themselves martyrs if they attend."

"Fifty years ago people went to church three times on Sunday and read Sunday School books between services. Today the majority go to three picture shows a Sunday."

"Fifty years ago mission workers did real work. Today they do it via the pig tea route."

"Is it suitable for Sunday? was the question that was put to every proposed action for that fifty years ago. Is it suitable to my pleasure? is the question we substitute today."

"Today women hate to grow old. In my time they enjoyed old age as an old woman."

"Fifty years ago we had the most simple and sensible dresses. Today it doesn't matter whether you wear a dress or not. The less you have on the better."

"In my girlhood I can remember

how the street in front of my house was thronged Sunday with crowds going to and from church. Today the crowds go to the movies.

"We often hear of the days when a man was not allowed to kiss a wife on Sunday. Now we are on the rebound. Today the Sunday attraction is the picture show, the baseball game or the automobile. God does not figure in the plans at all."

WARREN T. McCRAY FOR GOVERNOR

He Seeks the Republican Nomination as a Business Man and Farmer.

The candidacy of Warren T. McCray, of Kentland, for the Republican nomination of Governor of Indiana, is meeting with cordial response over the state, largely because he is a representative business man and foremost among the progressive farmers, and is not seeking the office as a politician. While always interested as a good citizen in the politics of his State, Mr. McCray has never before been in politics in the sense of seeking an office for himself.

He is president of the Indiana State Board of Agriculture and has been a member of that board for many years and through the Board and in other ways has been diligent in promoting the general farming and live stock interests of Indiana.

Mr. McCray's acquaintance in Indiana is very wide among the busi-

Frenzy of Partisanship

The Psalmist who said in his haste that all men are liars would have found excuse for his precipitation in many utterances from every side of this great war. A curious example of the tendency of excited men to exaggerate is furnished by an utterance of the editor of the New York Staats-Zeitung. It is now officially declared at Berlin that Germany is stronger in all resources than at the beginning of the war and can not be starved, but a few days ago the Staats-Zeitung asserted that only after Germany's one million soldiers had been starved and compelled to face fifteen million enemies in arms was it decided to resort to poisonous gases.

The exact language employed by Mr. Rüdger's newspaper in reference to poisonous gases is quoted as follows: "It was then perhaps that the German emperor, with every man under 45 in the field, with one million at war with nearly fifteen million, unable to make more men, held the air with gases. And God knows that the gases were the last weapon made in hell, but the hell was Germany's hell and allies had made it for her." These sharply conflicting and equally astonishing statements of Herman Rüdger and the Secretary of the Imperial German Treasury will serve to remind reflecting observers that while wars are being waged it is the part of wisdom to believed but a small part of what we hear and to doubt no little even of what we see.

An exchange tells us that "burning a large onion on a red hot shovel will do away with the odor of tobacco." Good boy! And we suggest

ness, farming and live stock element. He is president of the Discount and Deposit State Bank of Kentland, which has enabled him to get a broad view of business affairs as they relate both to the man in town commercial life and to the man on the farm. He owns one of the largest farms in the state, which is a model in equipment and in its operations, and on it he has the largest and finest herd of Herefords in the world. He is a man of unlimited business ability, public spirited, and believes that every man owes a duty to his state and country. He has entered the contest for the Governorship at the urging of men over the state who know of his qualifications. He especially appeals to that element of the Hoosier people who believe that he can be of large service to the whole state as Governor, regardless of partisan ties.

a pound or two of limburger cheese as a sure cure for the smell of the onion.

The twentieth century has produced at least one brainy man besides ourself. He suggests that thrifty housewives dry out their old coffee grounds and keep them for the use of borrowing neighbors.

In order to get the most satisfaction possible out of our new summer year it will be first necessary to find the summer.

We have a most excellent wall map of the world, but it was made several days ago and is now quite hopelessly out of date.

Don't be afraid to shout for good roads. The louder the noise the sooner it will be heard.

HOOSIER HISTORY

Prepared for the United Press by the Centennial Department of the Indiana Historical Commission.

FIRST STATE OFFICERS

In the first state election held in 1816, the officers chosen were: Jonathan Jennings, Governor, defeating Thomas Posey, 5211 to 5934; Christopher Harrison, Lieutenant Governor; William Hendricks, Representative in Congress. Other officers were chosen by the first state legislature as follows: Robert A. New, Secretary of State; W. H. Lilly, Auditor; Daniel G. Lane, Treasurer; James Noble and Walter Taylor, United States Senators.

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in their curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for literature today.

Take Hall's Family Pills for Constipation.

Smoke FAIR PROMISE 5c Cigars

PROPOSED TAX RATE DISCUSSED

Continued from Page 1.

City valued at \$170,000, namely: Water and Light Plant \$150,000, City Park \$10,000, other property and fire equipments of \$10,000, and only in debt \$39,000 on January 1, 1916. Why a rate higher than \$.90 on the \$100? Twenty years ago we only had a valuation for taxes of \$2,200,000 and a bonded indebtedness of \$76,000, and a rate of \$1 to \$1.25. The following figures are only estimates for the year 1916, except the tax levy, all that anybody could make is an estimate, and if taxpayers are not sure this estimate is nearly right get busy, do some figuring for yourselves. Mr. Howe Sec'y. of Kansas Tax Commission says, the average taxpayer knows nothing of facts of taxation. Now Mr. City Taxpayer, after going over the following receipt and estimates of expense for 1916 ask your councilmen why should the tax rate be over \$.90. Of course these estimates are made on the fact that 1915 has come out clear of debt and all accounts balanced up. If the city officials contemplate making any great improvements, such as enlarging water and light plant, or to remodel city building, only necessary, to make a levy after work is done by bonding the city or mortgaging said building or plant, so the future generation and tax-payers will have a chance to pay for this improvement, as has been done in the past, as our court house was paid for and as our school buildings are paid for. Now, Mr. Officer and Taxpayer, this argument as a business proposition, as I see it. And another thing I want to mention and should be looked at carefully in 1915, \$1,500,000 worth mostly residence property was assessed for street oiling, at estimated cost of \$7,000, an average of 50 cents on the \$100 of the valuation, now add this assessment to a rate of \$1.15 taxes, as it now is, makes a total of \$1.65 on the \$1000. Now Mr. Taxpayer, if they want to pay the street oiling out of the general fund and release as resident property owners on gravel and dirt streets from this assessment we heartily agreed that a \$.90 cent levy for the year 1916 would not be enough.

Receipts.	
\$3,200,000 tax valuation	
at \$.90	\$28,800.00
Water rentals	4,500.00
Electric light receipts	12,000.00
Pool table licenses	150.00
Other licenses	50.00
Total	\$45,500.00

Disbursements.	
General purposes, officers' salaries	\$ 2,400.00
Marshall and police	2,400.00
Attorneys fees	200.00
Streets and alleys, labor	4,000.00
Street material	2,000.00
Sanitary sewer repairs	500.00
Fire department help	1,500.00
Repair and incidentals	500.00

Water and Light Plant.	
Superintendent and labor	\$ 8,500.00
Fuel	8,000.00
Repairs, and oil, etc.	3,000.00
Insurance	500.00
Bonded indebtedness to be paid in 1916	4,000.00
Interest on bonded indebtedness	1,950.00
Miscellaneous expense, gas and fuel	500.00
Less delinquent taxes, not collectible	2,000.00
Less delinquent water and light	500.00
Total	\$42,450.00

Balance to credit side \$3,050

The reason that the tax levy was raised for the year 1915 from \$1.00 to \$1.15 on the \$100 was for the purpose of redeeming \$6,000 of old bonded indebtedness and interest that comes due this fall. We are to presume this extra levy will meet the requirements for which it was intended. The conditions are different for the year 1916 and we believe that a 90 cent levy can meet all expense and debts as appear now. A levy of \$1.15 means \$8,000 more money than the above figures.

MANY BOYS WILL ENTER CONTEST

Live Stock And Grain Judging at State Fair Expected to Bring Out Many Entrants

16 TO 20 YEARS ELIGIBLE

City Boys Have Equal Chance With Country Boys Because They May Prepare For It.

Many boys from different parts of the state are preparing themselves for the Live Stock and Grain Judging Contest to be held at the State Fair Grounds, Tuesday, September 7, 1915.

Any boy between the ages of 16 and 20 years, inclusive, living in Indiana who has never been enrolled in any regular course in a school of agriculture may enter this contest. One boy has equal chances with any other. It is not always the boy who has had the most experience with animals that wins this contest. Last year a city boy won. He prepared himself for the contest by studying Purdue Circular 29, "Live Stock Judging for Beginners."

This is a pamphlet prepared by the Animal Husbandry Department for boys and girls who are particularly interested in live stock and wish to make themselves more efficient judges. By conscientious study of this circular alone, any boy in the state may so improve his ability for judging live stock that he may win one of the four premiums offered by the State Board of Agriculture.

First premium is a scholarship either in the four-year course or the eight weeks Winter Course in the School of Agriculture amounting to \$100; second premium is a scholarship of \$75; Third a scholarship of \$50 and fourth a scholarship of \$25. Any one of these premiums should be sufficient to spur any ambitious boy to make a little extra study and enter this contest. Mr. Chas. Downing, Secretary of the Indiana State Board of Agriculture, of Indianapolis, Indiana will send entry blanks and a premium list which explains the contest in detail, to any one who wants to enter the contest. Write, Purdue School of Agriculture for Purdue Circular 29, "Live Stock Judging For Beginners."

CURRENT COMMENT.

What Did It!

(Wheeling Intelligence)

Just what started the wheels of Riverside plant whirling again? Not the Democratic policies. Just what silenced the whirring of those wheels for the past nineteen months? Why the destructive, economic policies of the Democratic party expressed in the Underwood tariff bill. No sane man can believe that the same influence that operated to send depression and stagnation abroad in the land have worked to dispel unemployment, languishing industry and distracting business conditions, yet some Democratic papers wilfully and misleadingly affirm it. It is a most preposterous proposition, but quite characteristic of the deformed Democracy.

For nineteen long months the cold furnaces and smokeless stacks of the Benwood plant have testified to the ruthless destructiveness of the Democratic tariff measure. Its continued idleness multiplied woe and distress; many of its employees mortgaged their homes to provide the necessities of life for their starving families. Others, in despair, set their faces towards other fields of employment. Now that plant has resumed, we are told that we must forget these things and honor the Democratic party for the prosperity that is at hand, when that party has no more to do with this revival than it has to do with the rising and setting of the sun.

It is one of the happier consequences of the European war that intervened to suspend the functional destructiveness of the Democratic free trade measure that started the Riverside plant by providing protection which had been removed by the un-American Democracy.

20% More Capacity
30% More Rubber
In S2 Walls
\$317,000 Better

\$317,000 Better
These improvements will cost us this year \$317,000 extra. Yet this year also brought to Goodyear users an enormous price reduction, making 45 per cent in two years.

Note what Goodyear users get this year on tires in smaller sizes. We have added 20 per cent to the air capacity. That adds immensely to your riding comfort, combats the blowouts and overloading that came to smaller tires.

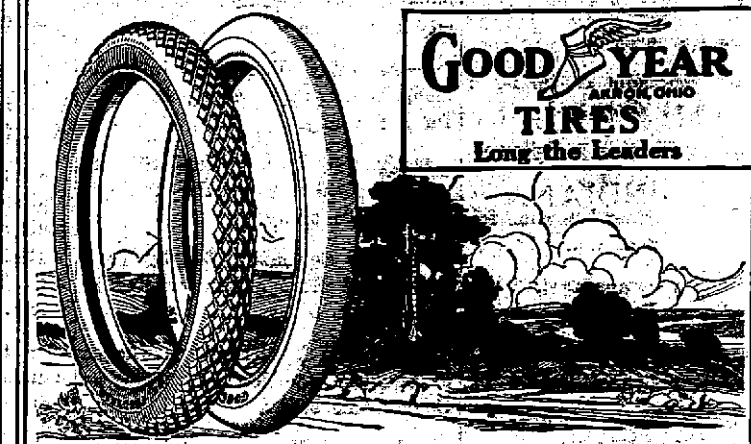

Note that Goodyear tires, as made before, won top place in Tiredom. Never has another tire won so many users.

We have added 30 per cent to the rubber in the side walls, where constant bending breaks so many tires.

We have made new molds—changed the whole design—because of newly-discovered ways to add to the tires' endurance.

It is these tires—proved the best tires built—which we have bettered this year in every way that experts know.

Get these super-tires. Our mammoth output makes this extra value possible. Don't take smaller, thinner tires.

DON'T LOCK THE BARN TOO LATE

State Board of Health Falls Back on Old Adage in Advocating Disease Prevention Day.

FALLS ON FRIDAY, OCTOBER 1

Any Community That Permits Preventable Disease to Rob it is Criminally Negligent.

"Indiana must stop the foolish practice of locking the barn after it has been looted" says the Indiana State Board of Health in a statement issued in connection with the Disease Prevention Day campaign that is now under way. Disease Prevention Day falls this year on Friday, October 1st.

"Any community" the statement continues, "Which permits preventable diseases to rob it of the flower of its manhood and womanhood is not only foolish but criminally negligent."

"The appalling number of orphans, of sickly and crippled children, the long train of human misery, the enormous waste of money, which inevitably follows in the wake of preventable disease, should cause every Indiana citizen to give the most serious and careful consideration to the lessons taught by Disease Prevention Day."

"How much easier, how much cheaper, how much better it would be if we would only apply the simple remedy which most of us once knew, but which many of us have forgotten. Be RATIONAL—whether working, playing or sleeping; in selecting your clothing, food, work, friends, home; in all things be rational."

"The enthusiastic co-operation of every Indiana citizen should be given to this state-wide movement to make Disease Prevention Day of lasting benefit to each community."

EVENTS IN THE WAR ONE YEAR AGO TODAY

- * German cavalry occupy Brussels. Strong columns follow cavalry into city.
- * Germans reach river Dyle.
- * Belgians retiring toward Antwerp.
- * Germans push southward on both banks of Meuse toward Sedan.
- * Battle reported near Charleroi in which Germans lose 6,000.
- * French recapture Mulhausen in Alsace.
- * Russians occupy Gumbinnen, German town, capturing 12 field guns and many prisoners.
- * Montenegrin troops invade Austrian territory in Herzegovina.
- * A force from German East reported to have invaded British East Africa protectorate.
- * S. S. France brings 1392 American refugees to New York.

CARRANZA REPLIES CUNTEY

Answer is Nothing More Than Acknowledgement of Receipt.

(By United Press.) Washington, August 19.—General Carranza today curtly acknowledged receipt of the Pan-American Mexican peace note.

This acknowledgement he cabled to his agent here. It was not an answer by any means. Agency officials broadly hinted it was the last that would be heard from him.

VILLA FAVORS CONFERENCE.

(By United Press.) El Paso, Texas, August 19.—Replying to Lansing Pan-American request to join a conference with other factions and establish peace in Mexico, General Villa promised all assistance in his power. His note was made public here today.

LINER ARABIC SUNK BY U-BOAT

Continued from Page 1.

Arabic: "The Arabic sailed Wednesday afternoon with 131 cabin passengers and 45 steerage passengers, and with cargo and mail."

"She was sunk by a German submarine at 9:15 a. m. off the south coast of Ireland."

"We are hopeful all passengers and crew were saved."

"Fifteen boat loads have been accounted for. That is all the information we have."

The figures on the passengers given out by the company added to the 260 members of the crew makes a total of 436 persons on board the Arabic. If fifteen boat loads have been saved, it is evident, the company believes that a very great majority aboard were probably saved.

The statement given out here was cabled by the White Star agent at Liverpool.

400 RESCUED.

(By United Press.)

Queenstown, August 19.—The White Star line received a message this afternoon stating that a rescue steamer is bringing 400 of the Arabic survivors into this port. This accounts for all but about 35 passengers and crew, if the report is true.

PIGEON KILLS TIME

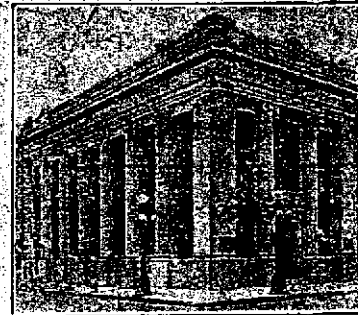

(By United Press.)

Seattle, Aug. 19.—The reason so many travelers here missed trains at the King street union passenger station has been established. Pigeons have been joy-riding on the minute hands of the huge master clock in the tower, this slowed down the master clock as well as every other timepiece in the depot, which it controls.

HOMECOMING SUNDAY.

The Manila Christian church will hold its annual homecoming Sunday. All former pastors of the church are expected to be present and will be called on for a short talk. A basket dinner will be served at noon.

SAYS THERE WAS NO "FRAME-UP"

Continued from Page 1.

Madden said yesterday that he knows of no law against an architect bidding on work for which he had drawn up the specifications, but that it is contrary to public policy for an architect to bid on work over which he would have supervision.

The order of the accounts board directing all trustees to submit to the board copies of plans and specifications before contracts are awarded was made when in several instances it has been made apparent to the board that there was collusion between the architect and the trustees.

A dispatch from Columbus, Ind., says:

A. E. Ward, local contractor and builder, who drew the plans and specifications for and addition to the Taylorville schoolhouse and was accused by the state board of accounts of irregularities in connection with the plans, declared that there was no "frameup" on his part. He admitted that certain material were specified in violation of law, but that they were not inserted with intent to gain an advantage for himself as a bidder.

Safe Milk
for
Infants and Invalids

HORLICK'S

THE ORIGINAL

MALTED MILK

The Food-Drink for all Ages
Rich milk, malted grain, in powder form. For infants, invalids and growing children. Pure nutrition, upbuilding the whole body. Invigorates nursing mothers and the aged. More healthful than tea or coffee.

Unless you say "HORLICK'S" you may get a substitute.

Meals will be served at the fair grounds every day of the fair, in the hall. Supper will be served Saturday night, Aug. 21st at six o'clock. Meals served Sunday, Aug. 22d. Special chicken dinner will be served, including summer vegetables, coffee and desert. WILL FAZIER. 13613.

Red Cross Ball Blue will wash double as many clothes as any other. Always ask for Red Cross Ball Blue.

Stylish Suits for Early Fall

We have searched through the best style centers, where the best of the Women's Suits are made. We have chosen thoughtfully from the many good styles we were offered. We have worked hard to make our display for Fall just what we want, the finest showing of Women's Suits we have ever shown.

We might call these "Early and Late" Suits—They may be worn now and straight on through the winter. Many are made with the new type of convertible collars that can be worn open or closed snugly about the throat, giving style and protection, too.

Each one possesses its own character and individuality—and when you visit here to see them, you will find among them just the model that fits best your individuality. We can explain better personally. Will you pay our Ready-to-wear section a visit soon?
